Foshan Rongmeisi Aluminum Co., Ltd. Located in Foshan Dali, "the first town of aluminum in China", we are an enterprise integrating industry, trade and development, taking European standard industrial aluminum profiles as the standard, with superb technology and strong strength as the capital, specializing in designing, developing, producing and selling aluminum skirting and aluminum skirting accessories.

Our modern workshop covers an area of 4,000 square meters and has advanced equipment, such as high-precision mold opening, extrusion, cutting, drilling, tapping, polishing and painting machines. With its advanced marketing consciousness, lofty innovation spirit, strict quality management and unremitting efforts of all staff, we have designed and developed many market leading products. We provide one-stop production services and tailor-made solutions for our customers, which really save their hearts and energy.

The company has a professional operation department, finance department, customer service department, design department, warehouse department, production department and professional sales team, with a scientific quality management system. The company has developed rapidly in recent years, and the integrity, strength and product quality of the enterprise have been recognized by the industry. "Quality, integrity, innovation and win-win" is our business philosophy, and our goal is to provide the best service and quality products to satisfy every customer. We look forward to cooperating with you in the near future and growing together.

PATENTS EG CERTIFICATES.
